Campaign against the "International Quran Burning Day" on 9/11/2010

Dear Respected Imam and Members of the Board,

As you already know, Islamophobia is on the rise all around the country. One such effort is the Quran burning day, which is spearheaded by a church in Gainesville, Florida on 9/11 this year.

In an effort to combat this heinous and intolerable act, Al-Furqaan Foundation has launched a nationwide campaign. The elements of this campaign include:

1. For every copy of the Qur'an they burn, we will distribute **50** more copies **FREE** inshaAllah. In anticipation of this event we have already placed an order for 60,000 copies.
2. We have contacted all Islamic bookstores around the country alerting them to not sell copies of the Qur'an to non-Muslims ordering from Gainesville, Florida.
3. We are coordinating with other nationwide Islamic organizations like CAIR, ISNA, etc. to work with us on this campaign.
4. We are launching a nationwide media campaign to raise awareness and calling on all Muslim and non-Muslim **people of conscience** to protest this act and support us in our project.
5. We are also launching an aggressive email and mail campaign to raise awareness and gain support for our massive distribution that we are undertaking.

InshaAllah, we feel that this strategy to double our efforts is a positive way to trump their ignorant and blatantly offensive act to all Muslims. We will fight ignorance with light inshaAllah. They plan, but Allah is the best of planners.

We need your help to make this campaign successful. We request the following:

1. Please **raise awareness** in your community, either in your taraweeh talks or khutbas, about this issue and request the congregation to first make dua that such an event does not take place.
2. Allocate **one night of Taraweeh** and help spread the word and support Al-Furqaan Foundation in this campaign during this month of the Qur'an. We will be glad to mail you more brochures or any other resources you need. We have posters and other material available on our website at www.al-furqaan.org. We will be glad to send a speaker if you like.
3. When you allocate your **sadaqa and zakat** funds this year, consider an allocation to **the Qur'an project**.
4. Please display the enclosed brochures prominently in your facility. You may also post this letter on your bulletin board.

We ask Allah (swt) to bless you and your community as we work together to deliver the message of the Qur'an to everyone in America.

Jazakum Allahu Khairan,

Wajahat Sayeed,
President,
